*The original model for this reproduction
breakfront is a George II bookcase, mid-18th C.*

*The breakfront features a ribbed and lacquered
pagoda crest which is surmounted by open fret
above an intricate open fretwork cornice.*

*In the upper center section is a pair of geometric
doors anchoring six small drawers. The dramatic
center structure is flanked by balanced side wings.*

*The center six drawers serve as a transition
to the beautiful and functional base below.
The breakfront features an intricately carved
and gilded waist with a base of six center drawers
and eight side drawers.*

*This piece may be ordered with hand
carved faux ivory bells as a decorative item
on the upper fretwork*
