This Regency brass-mounted parcel gilt black lacquered and Japanned sofa table c. 1810, has an important provenance that includes the Earl of Warwick, Warwickshire.

It features a rectangular top with re-entrant corners and brass edge, with lacquer panels depicting exotic birds and flowering branches above a conforming frieze decorated with landscapes. The lyre-form trestle supports splayed legs, ending in scrolled feet on brass box casters.

The original pair is in the Collection of Mr. and Mrs. Gordon Getty, San Francisco.
